DANIEL B. OERTHER

EDUCATION

1995	BA	Biological Sciences	Northwestern University, Evanston, IL
1995	BS	Environ Health Engineering	Northwestern University, Evanston, IL
1998	MS	Environmental Engineering	University of Illinois, Urbana, IL
2002	PhD	Environmental Engineering	University of Illinois, Urbana, IL
2003	Microbial Diversity Program		Marine Biology Lab, Woods Hole, MA
2004	Post grad Study in Environ Health		University of Cincinnati, OH
2006/7	Post grad Study in Public Health		The Johns Hopkins University, MD
2011	Post grad Study in Public Admin		Indiana University, Bloomington, IN

LICENSURE, CERTIFICATION, and REGISTRATION

Engineering

Professional Engineer (PE)
Missouri, License 2017022058; Ohio, License 69266
Board Certified Environmental Engineer (BCEE, formerly D.EE)
American Academy of Environmental Engineers and Scientists:
Water Supply / Wastewater Engineering (by examination, 2005), Certificate 05-10011
Environmental Sustainability (by eminence, 2024), Certification 05-10012
Chartered Engineer (CEng)
Engineering Council, United Kingdom, Registration 639850

Health

Certified Environmental Health Specialist (CEHS)
Missouri Board of Certification for Environmental Health Professionals, Certificate 0329
Diplomate (D.AAS)
American Academy of Sanitarians, Registration 0591
Diplomate Laureate (DLAAS)
American Academy of Sanitarians, Registration 0013

Science

Board Certified Environmental Scientist (BCES)
American Academy of Environmental Engineers and Scientists:
Environmental Microbiology (by eminence, 2018), Certificate 18-ES003
Chartered Environmentalist (CEnv)
Society for the Environment, United Kingdom, Registration 9241

PROFESSIONAL EXPERIENCE

Primary appointments

1995 – 1999; Graduate Research Assistant; Department of Civil and Environmental Engineering, College of Engineering, University of Illinois, Urbana-Champaign, IL; Lutgarde Raskin, Ph.D., Advisor
2000 – 2004; Assistant Professor (tenure track); Department of Civil and Environmental Engineering, College of Engineering, University of Cincinnati
2005 – 2007; Associate Professor (with tenure); Department of Civil and Environmental Engineering, College of Engineering, University of Cincinnati
2008 – 2009; Professor (with tenure); Department of Civil and Environmental Engineering, College of Engineering, University of Cincinnati
2008 – 2009; Head; Department of Civil and Environmental Engineering, College of Engineering, University of Cincinnati
2010 – present; Professor (with tenure); Department of Civil, Architectural, and Environmental Engineering, Missouri University of Science and Technology, Rolla, MO
2010 – 2012; Director; Environmental Research Center, Missouri University of Science and Technology, Rolla, MO
2014 – 2021; Foreign Affairs Officer/Environment, Science, Technology, and Health Agricultural Policy Advisor; Office of the Secretary/Global Food Security, U.S. Department of State, Washington, DC
2017 – 2019; COAST Project Implementer; CCRIF SPC, Grand Cayman, Cayman Islands
2022 – 2026; Executive Director; American Academy of Environmental Engineers and Scientists, Annapolis, MD (acting Executive Director from June 2022; three-year term from March 2023; part-time)

Secondary Appointments

1998 (3 months); Visiting Scholar; Department of Molecular Ecology, Max Planck Institute for Marine Microbiology; Germany; Rudolf Amann, Ph.D., Advisor
2003 – 2005; Adjunct Assistant Professor; Department of Biological Sciences, McMicken College of Arts and Sciences, University of Cincinnati
2004 – 2008; Associate Editor; *Water Environment Research*, published by the Water Environment Federation, Alexandria, VA
2004 – 2009; Affiliate; Center for Environmental Studies, McMicken College of Arts and Sciences, University of Cincinnati
2006 (6 months); Visiting Lecturer and Fulbright Nehru Fellow; Department of Civil Engineering, School of Mechanics, Indian Institute of Science, Bangalore, India
2006 (6 months); Visiting Lecturer and Fulbright Pai Fellow; Department of Biotechnology, Kasturba Medical College, Manipal, India
2006 – 2007; Adjunct Associate Professor; Department of Biological Sciences, McMicken College of Arts and Sciences, University of Cincinnati
2006 – 2009; Associate Editor; *Journal of Environmental Engineering*, published by the American Society of Civil Engineers, Reston, VA
2007 – 2010; Board of Directors; Association of Environmental Engineering and Science Professors
2007 – present; Adjunct Professor; Department of Biotechnology, School of Biotechnology, Manipal University, India

2008 – 2009; Adjunct Professor; Department of Biological Sciences, McMicken College of Arts and Sciences, University of Cincinnati
2008 – present; Adjunct Professor; Department of Environmental Sciences, ISTAR, Sardar Patel University, India
2010 – present; Adjunct Professor (courtesy appointment); Department of Biology, Missouri University of Science and Technology, Rolla, MO
2011 – 2014; President and Co-Founder; Chooseintentionalliving.com, Rolla, MO
2011 – 2018; Consultant; Pula Cloud LLC, St. Louis, MO
2011 – present; Faculty Consultant; Future University Egypt, New Cairo, Egypt
2012 (6 months); Visiting Lecturer and Fulbright ALCOA Chair; Institute of Science and Technology of Water, Federal University of Western Para, Santarem, Brazil
2012 – 2013; Adjunct Professor; Federal University of Western Para, Santarem, Brazil
2013 – 2023; Board of Trustees (Treasurer, 2013-2019; President, 2022); American Academy of Environmental Engineers and Scientists, Annapolis, MD
2014 – 2021; Board of Directors (Treasurer, 2019-2021); Sigma Theta Tau International Building Corporation (aka Sigma Nursing Building Corporation), 501c2, Indianapolis, IN
2015 – present; Director; Missouri Center for Science Diplomacy Laboratory, Rolla, MO
2017 – 2024; Engineering and Public Policy Division (Program Chair, 2017-2019; Division Chair, 2019-2024), American Society for Engineering Education, Washington, DC
2017 – 2019; Associate Editor; *Water Environment Research*, published by the Water Environment Federation, Alexandria, VA
2017 – present; Associate Editor; *Journal of Environmental Engineering*, published by the American Society of Civil Engineers, Reston, VA
2017 – 2020; Phelps County Extension Council (Vice Chair 2019-2020), University of Missouri System, Rolla, MO
2018 – present; Member; Missouri Board of Certification of Environmental Health Professionals, Missouri Environmental Health Association, Jefferson City, MO
2018; Gubernatorial Nominee; Missouri State Board of Nursing, Jefferson City, MO
2019 – 2020; Trustee; Welfare Fund Committee, Chartered Institute of Environmental Health, London, UK
2019 – 2021; International Editorial Advisory Board, *Perspectives in Public Health*, published by the Royal Society for Public Health, London, UK
2019 – 2020; Adjunct Professor, King's College London, UK
2020; (6 months) Visiting Lecturer and Fulbright Scholar; Faculty of Life Science and Medicine, School of Population Health and Environmental Sciences, King's College London, UK
2020 – 2023; Board of Trustees (Deputy Chair, 2021-2022; Chair, 2023); Chartered Institute of Environmental Health, London, UK
2020 – present; Board of Commissioners (Chair, 2022-2023, re-elected 2023-2024); Missouri Hazardous Waste Management Commission, Jefferson City, MO, USA
2021 – 2024; Board of Directors (Treasurer, 2023, re-elected 2024); Engineers Without Borders USA (EWB-USA), Denver, CO
2022; Board of Directors; American Academy of Sanitarians, Rock Island, IL
2022 – present; Associate Editor; *WikiJournal of Medicine*, San Francisco, CA

2023 – present; Board of Trustees (Vice President, 2023, 2024; President, 2024, 2025, 2026; Past President, 2026, 2027); Council of Engineering and Scientific Specialty Boards, Baton Rouge, LA

2023 – present; Professor of Nursing (by courtesy); School of Nursing, Duquesne University, Pittsburgh, PA

2026; (6 months) Peace Corps Virtual Service Pilot Volunteer; Disaster Risk Reduction and Management Advisor, Occidental Mindoro State University, San Jose, Philippines

HONORS AND SCHOLARLY AWARDS

1988 Eagle Scout, Boy Scouts of America
1994 University Undergraduate Research Award, Northwestern University, Evanston, IL
1997 Inaugural Richard S. and Mary E. Engelbrecht Fellowship, Department of Civil and Environmental Engineering, University of Illinois, Urbana, IL
1998 Mavis Memorial Fund Scholarship for Teaching, University of Illinois, Urbana, IL
1998 Dissertation Travel Fellowship, University of Illinois, Urbana, IL
1999 First Place, James M. Montgomery Consulting Engineers Master's Thesis Award, Association of Environmental Engineering and Science Professors
2002 Neil Wandmacher Teaching Award for Young Faculty, College of Engineering, University of Cincinnati
2003 CAREER Award, National Science Foundation
2003 Office of Naval Research Fellowship
2003 Ohio Young Engineer of the Year, National Society of Professional Engineers.
2003 Best Research Paper – Environmental Engineering Division, American Society for Engineering Education (one winner from among 25+ papers)
2003 Named to Cincinnati Magazine's "Creative Class" as, "one of 75 young, passionate people shaping Cincinnati's future."
2004 Principles and Practice of Engineering, Environmental Engineering PE Exam, Highest score, State of Ohio
2004 Outstanding Contribution to Environmental Engineering and Science Education, Association of Environmental Engineering and Science Professors
2005 ExCEEd New Faculty Excellence in Teaching Award, American Society of Civil Engineers
2005 Ohio Engineering Educator of the Year, National Society of Professional Engineers
2005 Invited Participant for the 3rd Annual National Academies Keck Futures Initiative Conference, "The Genomic Revolution: Implications for Treatment and Control of Infectious Disease" (one of 100 invited faculty)
2005 Elected membership in the Ohio Academy of Sciences
2005 Invited to deliver Borchardt Memorial Lecture, Department of Civil and Environmental Engineering, University of Michigan, Ann Arbor, MI, February 24, 2005
2005 Fulbright-Nehru Visiting Scholar, U.S. Department of State, Indian Institute of Science, Bangalore, India
2005 Fulbright-Pai Endowed Professorship, Manipal Academy of Higher Education, India
2006 Master Engineering Educator, College of Engineering, University of Cincinnati, OH (one of eight inaugural faculty selected for this bi-annual award)
2006 Inaugural IPWR Fellow, Institute for Public Health and Water Research ($50,000)
2007 Invited to present UC's Project STEP at the National Science Foundation 2008 Budget Open House and Exhibition, NSF Headquarters, Arlington, VA, Feb. 5, 2007

2007 NSF-sponsored Invited Participant, New Zealand Society for Sustainability Engineering and Science 2nd International Conference, Auckland, New Zealand, February 2007. (one of 20 invited participants from the USA)

2007 Invited to deliver the Bruce Podwal Memorial Lecture, Department of Civil Engineering, City College of New York, NY, March 27, 2007

2007 Research Award for Young Faculty, College of Engineering, University of Cincinnati

2007 Fellow, Academy of Fellows for Teaching and Learning, University of Cincinnati (one of twenty-two inaugural faculty selected to this honor) dedicated to innovative, engaging, and effective teaching that supports the Scholarship of Teaching and Learning (SoTL), peer review, and showcasing best practices

2007 Distinguished Service Award for "Outstanding Service as the Liaison between the Association and WEF," Association of Environmental Engineering and Science Professors, Washington, DC

2007 UC|21 President's Excellence Award, "for a significant contribution to the purposes and ideals of the University has resulted from the high quality of an individual's endeavors," University of Cincinnati

2008 Chair of the 130th Annual Meeting of the Ohio Society of Professional Engineers, May 16-17, 2008, Cincinnati, OH

2008 Rafiki Award for Service, Village Life Outreach Project, Cincinnati, OH

2009 Excellence in Environmental Engineering Award (with Village Life Outreach Project), Honor Award in University Research, Engineer-in-charge for "Improved Water Quality in Northwest Tanzania," American Academy of Environmental Engineers, Annapolis, MD

2009 Student Activities and Leadership Development, faculty advisor to the student group of the year (Engineers Without Borders), University of Cincinnati, OH

2010 Inaugural Recipient, Next Generation Leadership Award, LEGACY and the Northern Kentucky Chamber of Commerce as the top professional under 40 years of age in the category, "Engineering, Construction, and Design" for community impact, leadership, and professional achievement.

2010 North American Regional Project Innovation Honor Award for "Improved Water Quality in Northwest Tanzania (with Village Life Outreach Project)," International Water Association, London, UK

2010 John A. and Susan Mathes Endowed Chair of Civil Engineering, "the highest academic award that the university bestows on a faculty member," Missouri University of Science and Technology, Rolla, MO

2010 Distinguished Service Award for "Outstanding Service as Chief Information Officer and Member of the Board of Directors," Association of Environmental Engineering and Science Professors, Washington, DC

2010 Named a Community Builder, the Phelps County Community Partnership, Rolla, MO

2011 National Prize for Creative Integration of Practice and Education in the Academy for the Roche Health Center (with Michael Zaretsky, architect) as the Engineering faculty mentor to student architectural team at the University of Cincinnati, National Council of Architectural Registration Boards

2011 Honorary Lifetime Membership, Sigma Theta Tau International, the Honor Society of Nursing (aka Sigma Nursing), Indianapolis, IN

2011 Inducted into the Order of the Golden Shillelagh, Missouri University of Science and Technology, Rolla, MO

2011 Invited Participant for the 3rd Annual National Academy of Engineering, "Frontiers of Engineering Education Symposium" (one of 60 faculty with less than 15 years of experience invited to participate)

2012 Elected membership in the Missouri Academy of Sciences

2012 Invited Participant, University of Missouri President's Leadership Development Program, Columbia, MO (one of thirty faculty selected to this honor)

2012 Global Collaborative Practice Award (with Michael Zaretsky, architect), Roche Health Center, Engineering faculty mentor to student architectural team at the University of Cincinnati, OH, American Collegiate Schools of Architecture

2012 Inaugural Fulbright-ALCOA Distinguished Chair in the Environmental Sciences and Engineering, U.S. Department of State, Brazil

2013 Invited Participant, Virtual Community of Practice, ASEE-NSF-NAE joint project

2013 Invited Faculty Instructor, Missouri London Program, Missouri Consortium for International Programs and Studies (the first engineering course offered as part of this program since its inception in 1982)

2013 First Place Winner (with Missouri S&T), Celebrating Sustainability Video Contest by popular voting, Planet Forward

2013 Make a Difference Award from the STEM Academy of the Society of American Military Engineers, Rolla Student Chapter and Fort Leonard Wood Professional Chapter

2013 First place Winner (with Missouri S&T), Climate Leadership Awards, Second Nature

2013 First Place Winner, Value of Certification Video Contest, American Academy of Environmental Engineers and Scientists, Annapolis, MD

2013 Invited Participant, Leadership Phelps County program administered by University of Missouri Extension

2014 Jefferson Science Fellow, National Academies of Sciences, Engineering, and Medicine, and U.S. Department of State

2014 Excellence in Environmental Engineering Education (E4) Award for "… significant contributions to the profession in the area of educating practitioners …," as selected by the awards committee of the Association of Environmental Engineering and Science Professors (AEESP) on behalf of the American Academy of Environmental Engineers and Scientists (AAEES)

2014 Global Engineering Education Exchange (E3) (with Lee Voth-Gaeddert), Institute of International Education and Technical Institute of Bandung, Indonesia

2015 Steven K. Dentel/AEESP Award for Global Outreach, for "… life-long professional and personal commitment to bettering the lives of humans throughout the world …," Association of Environmental Engineering and Science Professors (AEESP)

2015 Meritorious Honor Award, "… for leadership and attention to detail…in helping to launch…COAST …," the Office of the Honorable John F. Kerry, Secretary of State, United States Department of State

2015 Invited Participant for the 13th Annual National Academies Keck Futures Initiative Conference, "Art and Science, Engineering, and Medicine Frontier Collaborations: Ideation, Translation & Realization" (one of 77 invited faculty)

2016 Superior Award (best in the overall competition among 9 categories) as engineer-in-charge (in collaboration with Healthy Communities, Hechos 2:8, and Mission Impact), for "Improved Water Quality in Ixcan, Guatemala," from the Excellence in Environmental Engineering Award selection committee of the American Academy of Environmental Engineers and Scientists

2016 Honorary Lifetime Fellow, American Academy of Nursing, founded in 1973 to generate, synthesize, and disseminate nursing knowledge to contribute to health policy and practice for the benefit of the public and nursing profession

2016 Fulbright Specialist Roster, U.S. Department of State

2017 Invited participant, Alumni Thematic International Exchange Seminars (Alumni TIES), "The New Frontiers of Global Public Health," Emory University, Atlanta, GA, February 8-11, 2017 (one of 30 invited US Department of State exchange program alumni)

2017 President's Award for Cross-Cultural Engagement, "the highest honor bestowed by the University of Missouri System for excellence in advancing the mission of the university," University of Missouri System, Columbia, MO, USA

2017 The Frederick George Pohland Medal for "… sustained and outstanding efforts to bridge environmental engineering research, education, and practice …," from the Environmental Engineering and Science Foundation (EESF) through a selection committee including members of the American Academy of Environmental Engineers and Scientists (AAEES), the Association of Environmental Engineering and Science Professors (AEESP), and the Pohland family

2017 Invited Participant, Global Entrepreneurship Summit in Hyderabad, India, co-hosted by Narendra Modi, Prime Minister of India, and Ivanka Trump, special advisor to Donald Trump, President of the United States

2017 Certified Environmental Professional, via Eminence, Academy of Board Certified Environmental Professionals

2017 Fellow; Royal Society of Arts, London, UK

2017 Fellow; Royal Society for Public Health, London, UK

2018 Service Learning Award, Missouri University of Science and Technology

2018 Stanley E. Kappe Award for "… extraordinary and outstanding service contributing to significant advancement of public awareness to the betterment of the total environment …," from the American Academy of Environmental Engineers and Scientists

2018 Dr. John L. Leal Award, recognizing courageous leadership for advancing public health, "for his [Oerther's] creative, science-based practice of environmental health engineering and innovative community organizing to improve health and reduce diarrheal illness among the peoples of Brazil, Guatemala, India, Kenya, and Tanzania through a decade-long campaign of advocacy, interventions, and assessments to ensure and document the effectiveness of access to high quality sources of improved drinking water," from the American Water Works Association

2018 Academy of Nursing Education Honorary Lifetime Fellow, National League for Nursing (NLN), formed in 2007, the Academy of Nursing Education was created to call attention to the exceptional work of those who are transforming nursing education by recognizing and capitalizing on the wisdom of outstanding individuals who have made enduring and substantial contributions to nursing education.

2018 Board Certified Environmental Scientist, via eminence, American Academy of Environmental Engineers and Scientists, Annapolis, MD

2018 Commended Finalist for Outstanding Environmental Health Professional, Annual Excellence Awards, Chartered Institute of Environmental Health, London, UK

2018 Winner of Best Innovative Environmental Health Solution for "Interventions to Improve Environmental Health Conditions of the Indigenous Ladino Population in the Western Highlands of Guatemala," Annual Excellence Awards, Chartered Institute of Environmental Health, London, UK

2018 Fellow; Chartered Institute of Environmental Health, London, UK

2018 Fellow; Society of Environmental Engineers, London, UK

2019 Fulbright Scholar, U.S. Department of State and United Kingdom

2019 C. Brice Ratchford Memorial Fellowship for achievements in advancing the land-grant university mission, University of Missouri System, Columbia, MO

2019 Finalist (1 of 9) for Environmentalist of the Year, Society for the Environment, London, United Kingdom

2019 Robert G. Quinn Award for outstanding contributions in providing and promoting excellence in experimentation and laboratory instruction, American Society for Engineering Education

2019 Tier 3 Faculty External Recognition Award, Faculty External Rewards and Recognition Committee, Missouri University of Science and Technology

2019 Distinguished Service Award for "2013-2019 Treasurer of the Academy," American Academy of Environmental Engineers and Scientists, Annapolis, MD

2019 Engineering Education Excellence Award for demonstrated ability to link engineering education with professional practice, Professional Engineers in Higher Education interest group, National Society of Professional Engineers, Alexandria, VA

2019 NLN Lillian Wald Humanitarian Award, National League for Nursing, Washington, DC

2020 Albert Nelson Marquis Lifetime Achievement Award, Marquis' Who's Who

2020 Stanley E. Kappe Distinguished Lecturer for the American Academy of Environmental Engineers and Scientists, offering two lectures entitled, "Transprofessional Environmental Wellness: GRoWES – Global Research on WaSH (water, sanitation, and hygiene) to Eliminate childhood Stunting," and "Science Diplomacy: COAST – Caribbean Ocean and Aquaculture Sustainability faciliTy"

2020 Excellence in Environmental Engineering and Science Award (with the United States Department of State, World Bank, and CCRIF SPC), Honor Award in Environmental Sustainability, Engineer-in-charge for "COAST: Caribbean Ocean and Aquaculture Sustainability faciliTy," American Academy of Environmental Engineers and Scientists, Annapolis, MD, USA

2020 Commended Finalist (1 of 2) for Environmental Professional of the Year, Society for the Environment, London, UK
2020 Tier 3 Faculty External Recognition Award, Faculty External Rewards and Recognition Committee, Missouri University of Science and Technology
2020 Gordon Maskew Fair Distinguished Engineering Educator Award, Water Environment Federation, Alexandria, VA
2020 Constellation Prize, Honorable Mention in Sustainable Food Security for "Improving Food Deserts in Cincinnati, Ohio," Drexel University, Philadelphia, PA
2020 Fellow; Society of Operations Engineers, London, UK
2020 Fellow; Association of Environmental Engineering and Science Professors, Washington, DC
2021 Presidential Engagement Fellow, University of Missouri System, Columbia, MO
2021 Tier 3 Faculty External Recognition Award, Faculty External Rewards and Recognition Committee, Missouri University of Science and Technology, Rolla, MO
2022 Experiential Learning Award, Missouri University of Science and Technology, Rolla, MO
2022 Exceptional Leadership Award, Engineers Without Borders – USA, Denver, CO
2022 Outstanding Teaching Award, Missouri University of Science and Technology, Rolla, MO
2023 Global Engineering Humanitarian Award, Mortenson Center in Global Engineering & Resilience, University of Colorado, Boulder, CO
2023 Diplomate Laureate, American Academy of Sanitarians, Cedar Rapids, IA
2023 Best Research Paper – Environmental Engineering Division, American Society of Engineering Educators (one winner from among 25+ papers)
2023 Finalist (1 of 8) for Environmentalist of the Year, Society for the Environment, London, United Kingdom
2023 Joe Beck Educational Contribution Award for an educational or training tool designed for the advancement and professional development of environmental health professionals, National Environmental Health Association, Denver, CO
2023 Nominee (by the American Society for Engineering Education) for the Duncan Fraser Award, International Federation of Engineering Education Societies
2023 Stanford-Elsevier Top 2% Researcher (based on 2022 publication data)
2023 Edith Moore Copeland Founders Award for Excellence in Creativity and Innovation, Sigma Theta Tau International the Honor Society of Nursing (aka Sigma Nursing), Indianapolis, IN
2023 Faculty Teaching Award, Missouri University of Science and Technology, Rolla, MO
2024 Ranked #13 in Environmental Engineering in the United States by Academic Influence (https://academicinfluence.com/people/daniel-oerther)
2024 Ranked #1 most prolific author in SciVal Topic, "T.33584: Sustainable Development; Nurse; Public Health," (based on 2019-2023 SCOPUS data) by Elsevier

2024 Champion of Nursing Award recognizing the contributions of an extraordinary leader who is not a member of the nurse profession, American Nurses Association, Silver Spring, MD
2024 Stanford-Elsevier Top 2% Researcher (based on 2023 publication data)
2024 Duncan Fraser Global Award for Excellence in Engineering Education, International Federation of Engineering Education Societies (nominated by the American Society for Engineering Education)
2025 Distinguished Public Policy Fellow; inaugural cohort Public Health Academy; National Academies of Practice, Washington, DC
2025 Stanford-Elsevier Top 2% Researcher (based on 2024 publication data)
2025 Stanford-Elsevier Top 2% Researcher (based on career publication data)
2025 Invited Consensus Study Panel for the "Education for Thriving in a Changing Climate," National Academies of Sciences, Engineering, and Medicine (one of 16 invited contributors)
2026 Peace Corps Virtual Service Pilot Volunteer, Occidental Mindoro State University, San Jose, Philippines

Courses offered at the University of Missouri, St. Louis

Eng2000[*,k]	Fundam Env Eng and lab	3 hr	Spring	14	7	Undetermined

[*] Note: Represents a new course preparation.

Note: For the University of Cincinnati, the Indian Institute of Science, and the Manipal Academy of Higher Education, evaluations are scored with 5 as excellent; 3 as acceptable; and 1 as poor. For the Missouri University of Science and Technology, evaluations are scored with 4 as excellent; 2 as acceptable (or average, after 2024); and 0 as poor (with the exception of summer 2024, noted below for item p).

[b] Note: Course offered by graduate students Rob Smith and Kai Zhang using materials prepared by Dan Oerther

[c] Note: Course offered by graduate students Mau Yi Wu and Ting Lu using materials prepared by Dan Oerther

[d] Note: Course co-taught with Joe Harrell, Facilities Management, UC

[e] Note: Course co-taught with Eric Mauer, College of Arts and Sciences, UC

[f] Note: Course co-taught with Eric Gruenstein, College of Medicine, UC

[g] Note: Course co-taught with Eric Mauer, College of Arts and Sciences, and Raj Metha, College of Business, UC

[h] Note: Independent research is a one-on-one mentoring between student and faculty advisor

[i] Note: The same course was offered with an 8 am start time and an 11 am start time. The evaluations weighted for total student enrollment were 2.6/4.0

[j] Note: This course placed students into collaborative teams with students from business and computer science to complete work following the NSF I-Corps model; co-taught with John Lovitt (professional practice), Bonnie Bachman (economics), and Sajal Das (computer science), Missouri S&T

[k] Note: Course materials were substantially adapted for different lab facilities, a single meeting per week, and adult students (engineering practitioners)

[L] Note: Course materials integrated the Diplomacy Lab program of the United States Department of State, including briefings with DoS employees and term-length projects from students presented to DoS as final products
[m] Note: Course offering includes a face-to-face and a distance section
[n] Note: Course modified mid-semester to include full-online due to COVID-19
[o] Note: Course offered entirely online
[p] Note: Course evaluations were modified to a scale of 5/5 for summer 2024

STUDENT ADVISING

Visiting Scholars

Melanie Head, Ph.D. Candidate in Environmental Engineering, University of Manitoba, Winnipeg, MB, Canada, June 2001.
Keith Sears, Ph.D. Candidate in Environmental Engineering, Purdue University, West Lafayette, IN, April 2002.
Pete Wilkie, B.S. Candidate in Civil Engineering, University of Newcastle upon Tyne, Newcastle, England, June – September 2002.
Sharon Bachman, 11th-12th grade biochemistry/biophysics teacher at Hughes Center/CAMUS, June 2005 – May 2006.
Allison Ross, B.A. Candidate in Environmental Studies, University of Chicago, Chicago, IL, June – September 2006.
Neal Grabowski, B.S. Candidate in Mechanical Engineering, University of Illinois, Urbana-Champaign, IL, June – September 2006.

Awards Received by Students

2001 Transatlantic Biotechnology Fellowship (with Peter G. Stroot), US-EC Task Force on Biotechnology Research

2002 Brian H. Rowe/Textron, Inc. Scholarship (with Pete Wilkie), University of Newcastle and University of Cincinnati

2002 Transatlantic Biotechnology Fellowship (with Amy Polaczyk), US-EC Task Force on Biotechnology Research
2003 Rindsberg Fellowship for Teaching (with Pascal Saikaly), University of Cincinnati
2004 WEFTEC Best Poster (with Robert Smith), "Biodiversity in Activated Sludge through Bioaugmentation: Incorporating Nitrifiers from Treatment of High-Strength, Elevated-Temperature Recycle Streams." (one of 8 winners from among 250+ posters)
2004 Rindsberg Fellowship for Teaching (with Pascal Saikaly), University of Cincinnati, OH, USA
2004 Rindsberg Fellowship for Teaching (with Robert Smith), University of Cincinnati, OH, USA
2005 Rindsberg Fellowship for Teaching (with Robert Smith), University of Cincinnati
2005 1st Place Student Paper Competition (with Kai Zhang), Ohio Water Environment Association
2005 Grant-in-aid of Research (with Robert Smith), Sigma Xi
2006 Ivanhoe Foundation grants Fellowship (with Ting Lu), for deserving MS students from developing countries
2006 1st Place Student Paper Competition (with Ting Lu), Ohio Water Environment Association
2006 1st Place Student Poster Competition (with Regina Lamendella), American Society for Microbiology-Allegheny Branch Meeting
2006 Rindsberg Fellowship for Teaching (with Kai Zhang), University of Cincinnati, OH, USA
2007 Rindsberg Fellowship for Teaching (with Regina Lamendella), University of Cincinnati, OH, USA
2007 Rindsberg Fellowship for Teaching (with Ting Lu), University of Cincinnati, OH, USA
2008 Rindsberg Fellowship for Teaching (with Regina Lamendella), University of Cincinnati, OH, USA
2008 Rindsberg Fellowship for Teaching (with Ting Lu), University of Cincinnati, OH, USA
2008 Graduate Research Fellowship (with Dan Divelbiss), National Science Foundation
2009 1st Place Student Paper Competition (with Rob Smith), Ohio Water Environment Association
2009 Ivanhoe Foundation grants Fellowship (with Shreya Ghosh), for deserving MS students from developing countries
2009 Graduate Research Fellowship (with Andrew Schriner), National Science Foundation
2012 Second Place Poster Winner (with Lee Voth-Gaeddert and Montana Puckett), Arts and Humanities Division, Missouri S&T Undergraduate Research Conference
2012 Missouri Life Sciences Week 2nd Place Poster Competition (with Shreya Ghosh), "Responses of gut microbiota to sterculic oil supplemented diet in lean and obese mice." (2nd place among 300+ presentations)

2013 Third Place Oral Winner (with Alex Korf), Sciences Division, Missouri S&T Undergraduate Research Conference
2013 Invited Participant, Virtual Community of Practice, ASEE-NSF-NAE joint project
2013 Joe Mooney Distinguished Student Award (with Katelyn Denby) for outstanding officer in a student organization at Missouri S&T
2014 First Place Winner, Graduate Student Poster Forum (with Andrew Schriner), University of Cincinnati (out of 130 posters)
2014 Chancellor's Fellowship (with Lee Voth-Gaeddert), Missouri University of Science and Technology, Rolla, MO, USA
2014 Global Engineering Education Exchange (E3) (with Lee Voth-Gaeddert), Institute of International Education and Technical Institute of Bandung, Indonesia
2014 The Schowalter Foundation, Inc. (with Lee Voth-Gaeddert), funds to develop a health assessment tool in Guatemala
2015 NCAA Postgraduate Scholarship Program (with Lee Voth-Gaeddert), awarded to a "student-athlete who excels academically and athletically (one of 29 national awards)
2015 Chancellor's Fellowship (with Lee Voth-Gaeddert), Missouri University of Science and Technology, Rolla, MO, USA
2015 Student Research Showcase First Place Graduate Engineering (with Lee Voth-Gaeddert), Sigma Xi
2016 Chancellor's Fellowship (with Lee Voth-Gaeddert), Missouri University of Science and Technology, Rolla, MO, USA
2017 Chancellor's Fellowship (with Lee Voth-Gaeddert), Missouri University of Science and Technology, Rolla, MO, USA
2023 OURE Award (with Guy Timbrook), Missouri University of Science and Technology, Rolla, MO, USA

  - Third-year P&T review for Leslie Sneed: 2011.
  - Sabbatical Review Task Force: 2011.
  - Open house host: February 20, 2012, April 6, 2012.
  - Workload policy: Spring 2012, Autumn 2017.
- Host for:
  - Jim Ford, Alumni, Missouri S&T, March 22, 2011.
  - Wayne Laufer, Alumni of Influence, Missouri S&T, April 15, 2011.
  - Professor Isabel Escobar, Assistant Dean for Research, College of Engineering, University of Toledo, September 23, 2011.
  - Professor Nirmal Kumar, Head of Environmental Science, ISTAR, October 2011.
  - Professor Sharon Walker, UC Irvine, October 26, 2011.
  - Dr. Jorge Ochoa, Chair, Academy of Mechanical Engineers, Missouri S&T, November 11, 2011.
  - Professor Bruce Rittmann, Regents Professor, Arizona State University and member of the NAE, Stueck Lecture, Missouri S&T, April 20, 2012.

PROFESSIONAL AFFILIATIONS

- Academy of Board Certified Environmental Professionals (ABCEP)
  - Certified Environmental Professional (by eminence), 2017 – 2018
- Accreditation Board for Engineering and Technology (ABET)
  - Program evaluator (PEV) since 2015
  - Program evaluator (PEV), Environmental Engineering
  - Program evaluator (PEV), General Engineering
  - Seven visits, including two international
- American Academy of Environmental Engineers and Scientists (AAEES)
  - Member since 2004
  - Board Certified Environmental Engineer (BCEE, formerly DEE) since 2005
  - Board Certified Environmental Scientist (BCES) since 2018
  - Chair, Mentoring Committee, 2013 – 2016
  - Member, Membership Committee, 2009 – 2019
  - Member, Strategic Planning Committee, 2016 – 2018
  - Member, Finance Committee, 2013 – 2019
  - Member, Audit Committee, 2013 – 2019
  - Member, Major Partners Committee, 2018
  - Member, Publications Committee, 2019
  - Treasurer, 2013 – 2019
  - Trustee, 2013 – 2023
  - Vice President, 2020
  - President-elect, 2021
  - President, 2022
  - Executive Director, 2022 – 2026
  - Immediate Past President, 2023

  - Member since 2011
- American Chemical Society (ACS)
  - Member since 2000
- American Nurses Association (ANA)
  - Member since 2016
  - Member, Expert Panel on Global Health: since 2018 – present
  - Member, Expert Panel on Environmental Health: since 2022 – present
  - Lifetime honorary Fellow of the American Academy of Nursing since 2016
- American Public Health Association (APHA)
  - Member since 2011
- American Society for Microbiology (ASM)
  - Member since 1996
- American Society of Civil Engineers (ASCE)

  - Member since 2000
  - Member, scientific advisory panel for EvTech evaluation of In-Pipe Technology (IPT), 2001 – 2002.
  - Associate Editor, *Journal of Environmental Engineering, ASCE*, 2006 – 2009
  - Associate Editor, *Journal of Environmental Engineering, ASCE*, 2017 – 2026
- American Society for Engineering Education (ASEE)
  - Member since 2001
  - Program Chair, Engineering and Public Policy Division, 2017-2019
  - Chair, Engineering and Public Policy Division, 2019-2024
- American Water Works Association (AWWA)
  - Member since 2004
- Association of Environmental Engineering and Science Professors (AEESP)
  - Member since 1996
  - Conference Planning Committee, 2002 – 2011
  - Education Committee, 2003 – 2009; 2019
  - Awards Committee: 2006 Vice Chair; 2007 Chair
  - Board of Directors: 2007 – 2010; Chief Information Officer, 2009-2010
  - Tau Chi Alpha Supreme Council Representative: 2009 – 2019
  - Fellow since 2020
- Campus Christian Fellowship, Rolla, MO
  - Faculty mentor, Missouri University of Science and Technology student chapter: 2013 – present
- Chartered Institute of Environmental Health (CIEH), London, UK
  - Member since 2017
  - Fellow since 2018
  - Member, Welfare Fund Committee: 2018-2019
  - Deputy Chair: 2021-2022
  - Chair: 2023
  - Member, Board of Directors: 2020-2023
- City of Cincinnati, OH
  - Member, Climate Protection Steering Committee, one of 20 appointees by Mayor Mark Mallory, 2008 – 2010
  - Co-Chair, Green Cincinnati Food Task Force, appointed by Mayor Mark Mallory, 2008 – 2010
  - Co-Chair, Food Access Task Force, appointed by Vice Mayor David Crowley in collaboration with the Center for Closing the Health Gap
  - Leadership Council, Agenda360, Cincinnati USA Regional Chamber
- City of Rolla, MO
  - Member, Advisory Committee, Ozark Rivers Solid Waste Management District, 2013 – present
- City of University City, MO
  - Member, Green Practices Commission, 2012 – 2014
- Community Partnership, Rolla, MO
  - Community Builders, 2010 – 2014
- Engineers Without Borders
  - Faculty mentor, University of Cincinnati student chapter, 2005 – 2009

  - Ad hoc advisor, Missouri University of Science and Technology student chapter, 2010 – present
  - Treasurer, Engineers Without Borders USA (EWB-USA), 2022, 2023, 2024
  - Member, Board of Directors, Engineers Without Borders USA (EWB-USA), 2021 - 2024
- Fulbright Program
  - Member, Friends of Fulbright of India, since 2006
  - Member, Fulbright Association, since 2006
- Industrial Design Society of America
  - Faculty mentor, Missouri University of Science and Technology student chapter, 2011 – 2016
- International Council on Systems Engineering (INCOSE)
  - Member since 2015
- International Water Association
  - Member since 1997
- Missouri Academy of Sciences
  - Member since 2011
- Missouri Milk, Food, and Environmental Health Association (MMFEHA)
  - Member since 2017
- National Environmental Health Association (NEHA)
  - Diplomate of the American Academy of Sanitarians since 2017
  - Diplomate Laureate of the American Academy of Sanitarians since 2023
- National League for Nursing (NLN)
  - Member since 2017
  - Lifetime honorary Fellow of the Academy of Nursing Education since 2018
- National Society of Professional Engineers (NSPE)
  - Member since 1996
  - Member, Board of Directors of the Cincinnati Chapter, 2003 – 2009
  - Vice President, Cincinnati Chapter, 2004
  - President, Cincinnati Chapter, 2005, 2007
- Ohio Academy of Sciences
  - Member, 2007-2009
- Order of the Golden Shillelagh, Missouri University of Science and Technology
  - Member since 2010
- Phelps County Extension Council, Missouri
  - Member, 2017-2019
  - Vice Chair, 2018-2019

SHORT COURSES / CONFERENCES ORGANIZED / SESSIONS CHAIRED

- Session Organizer, Special Session on Molecular Tools in Environmental Engineering, Research Symposium, WEFTEC, Water Environment Federation, Atlanta, GA, October 13 – 17, 2001.
- Workshop Organizer, NSF-sponsored workshop (BES-0116929) entitled, "Applying Molecular Biology Tools in Environmental Engineering," Washington, D.C., April 25 – 26, 2002.
- Session Presider, Chemical/Physical Processes, Research Symposium, WEFTEC, Water Environment Federation, Chicago, IL, September 27 – October 2, 2002.
- Session Co-Presider, Recycle and Fate in Biological Nutrient Removal, WEFTEC, Water Environment Federation, Chicago, IL, September 27 – October 2, 2002.

- Session Co-Moderator, Micro-scale Biosensors for Environmental Monitoring, Environmental Chemistry and Analytical Chemistry, ACS Annual Spring Meeting, New Orleans, LA, March 23 – 27, 2003.
- International Workshop Organizer, NSF-sponsored international workshop (MCB-0306927) entitled, "Workshop to Expand the Understanding of Modern Microbial Identification Technologies in Environmental Settings," Kenitra, Morocco, April 14 – 15, 2003.
- Workshop Organizer, "Applications of Genomics in Water Quality," Ohio Environmental Education Fund sponsored workshop, University of Cincinnati, Cincinnati, OH, May 31 – June 2, 2003.
- Workshop Organizer, "FISHing for Bacteria in Activated Sludge," Water Environment Federation, Preconference Technical Workshop, WEFTEC, Los Angeles, CA, October 11, 2003.
- Session Presider, Membrane Bioreactors, Research Symposium, WEFTEC, Water Environment Federation, Los Angeles, CA, October 11 – 15, 2003.
- Session Co-Presider, Novel Treatment Technologies, Research Symposium, WEFTEC, Water Environment Federation, Los Angeles, CA, October 11 – 15, 2003.
- Workshop Organizer, "FISHing for Bacteria in Activated Sludge," Water Environment Federation Preconference Technical Workshop, WEFTEC, New Orleans, LA, October 3, 2004.
- Session Co-Presider, Fate, Transport, and Destruction of Emerging Micropollutants, Research Symposium, WEFTEC, Water Environment Federation, New Orleans, LA, October 2-6, 2004.
- Meeting Organizer, "SWOWEA Monthly Business Meeting," Ohio Water Environment Association Business Meeting and Workshop, Cincinnati, OH, September 15, 2005.
- Workshop Organizer, "FISHing for Bacteria in Activated Sludge," Water Environment Federation Preconference Technical Workshop, WEFTEC, Washington, DC, October 30, 2005.
- Session Presider, Advances in Anaerobic Treatment, Research Symposium, WEFTEC, Water Environment Federation, Washington, D.C., October 29 – November 3, 2005.
- Session Presider, DCWASA Drinking Water Research, Research Symposium, WEFTEC, Water Environment Federation, Washington, D.C., October 29 – November 3, 2005.
- Session Chair, Bioreactor Processes, Biofilm VI, International Water Association, Amsterdam, The Netherlands, September 25 – 27, 2006.
- Conference Organizer, Sustainable Urban Environments Kickoff Grant Meeting, Cincinnati, OH, July 13, 2007.
- Session Presider, Biological Phosphorus Removal, Research Symposium, WEFTEC, Water Environment Federation, San Diego, CA, October 13 – 17, 2007.
- International Workshop Organizer, NSF-sponsored workshop (DGE-0538532) entitled "NSF Project STEP International Supplement for Teacher Professional Development in Roche, Tanzania," Shirati and Roche, Tanzania, December 29, 2007 – January 14, 2008.
- Conference Co-Organizer, Ohio Society of Professional Engineers Annual Spring Conference, "Partnership for Sustainability," May 15-16, 2008.
- Conference Organizer, "Celebrating Sustainability," Annual Meeting of the Center for Sustainable Urban Engineering, Cincinnati, OH, November 18, 2008.

- Assessment Organizer, "Assessing the Design Portfolio of Missouri S&T," site visit by Kate Hanisian and Ramsey Ford, Design Impact, Rolla, MO, October 28-30, 2010.
- Session Chair, Metagenomic Discovery Tools, Mizzou Advantage Conference on "Frontiers in Metagenomics," Columbia, MO, May 7-8, 2012.
- Conference Organizer, "Environmental Summit," Rolla, MO, December 15, 2010.
- Workshop Organizer, "Short Course in Environmental Biotechnology," Rolla, MO, June 7-15, 2011.
- Conference Co-Organizer, Mizzou Advantage Conference on "Frontiers in Metagenomics," Columbia, MO, May 7-8, 2012.
- Conference Co-Organizer, "Seventy-fifth Anniversary," Annual Meeting of the Missouri Society of Professional Engineers, Branson, MO, June 10-13, 2012.
- Workshop Organizer, "Millennium Development Goals Theoretical and Field Work," Department of Environmental Sciences, ISTAR, Vidya Nagar, Gujarat, India, December 20, 2012 – January 12, 2013.
- Session Organizer, "Forward Focus," Annual meeting of the Missouri Society of Professional Engineers, Branson, MO, June 16-19, 2013.
- Session Co-Organizer, "Sharing a Climate-Smart Food Security Risk Insurance Scheme for the Caribbean," special briefing of the diplomatic corps from CARICOM countries to the United States, U.S. Department of State, Washington, DC, February 12, 2015.
- Session Co-Organizer, "Bioeconomy and Climate Change," special meeting of the Foreign Service Institute, Washington, DC, May 6, 2015.
- Workshop Organizer, "COAST Implementation Meeting for Jamaica," special bilateral briefing between the Government of Jamaica and the Government of the United States, U.S. Embassy-Kingston, Jamaica, July 2, 2015.
- Workshop Organizer, "COAST Technical Meeting," special multilateral meeting between the World Bank, United Nations Food and Agriculture Organization, and the United States, Washington, DC, July 22, 2015.
- Workshop Co-Organizer, "The Importance of Insurance for Successful Fisheries," bilateral side event between the Government of Chile and the Government of the United States, Our Ocean conference, Valparaiso, Chile, October 5, 2015.
- Workshop Co-Organizer, "Supporting the Role of Fish in Food Security and Nutrition: Caribbean Fisheries Climate-Risk Insurance; Our Oceans Conference; and Blue Growth Network," trilateral side event among the Government of the United States, the Government of Chile, and the United Nations Food and Agriculture Organization, Rome, Italy, October 14, 2015.
- Workshop Organizer, "The Role of Science Diplomacy in Global Environmental Health," Association of Environmental Engineering and Science Professors, Ann Arbor, MI, June 20, 2017.
- Panel Chair, "Diplomacy Lab," Annual Meeting of the American Society of Criminology, Philadelphia, PA, November 15, 2017.

GRANTS, CONTRACTS, FELLOWSHIPS, and OTHER FUNDING (including cost sharing) for RESEARCH, TEACHING, SERVICE, and OUTREACH

1. Molecular Microbial Ecology in Environmental Engineering: T-RFLP of 16S rDNA to Quantify Microorganisms in Biotechnology Processes, University Research Council, University of Cincinnati, $5,000, (100% D.B. Oerther, PI), January 2001 – December 2001.
2. Learning Quantitative Digital Image Analysis for Measuring Bacteria, Faculty Development Council, University of Cincinnati, $5,000, (100% D.B. Oerther, PI), January 2001 – December 2001.
3. Advanced Training for Learning State of the Art Instrument for Measuring Environmentally Hazardous Contaminants in Water, Faculty Development Council, University of Cincinnati, $7,500, (33% D.B. Oerther; 34% D. Dionysiou, PI; and 33% G. Sorial), March 2001 – February 2002.
4. 68-C-00-159 Task Order Number Seven, Testing the Resource Ratio Theory as a Framework Supporting Bioremediation Strategy for Clean-up of Crude Oil-Contaminated Environments, U.S. Environmental Protection Agency, $256,109, (20% D.B. Oerther; and 80% M. Suidan, PI), April 2001 – April 2003.
5. P42-ES04908-15S2, Health Effects and Biodegradation of Complex Mixtures, Superfund Basic Research Program, NIEHS, $3,592,180, (5% D.B. Oerther; 20% K. Dixon, PI; 5% G. Talaska; 10% P. Bishop, 10% A. Puga; 10% J. Stringer; 10% B. Kinkle; 10% J. Shann; 10% J. Caruso; 10% J. Martin), April 2001 – March 2008.
6. Evaluating Wastewater Treatment Using Molecular Tools, CH2M Hill, $15,300, (100% D.B. Oerther, PI), June 2001 – August 2001.
7. BES-0116912, SGER: Rapid Identification, Enumeration, and Characterization of Mycobacteria and Nocardioforms in Environmental Samples Using BioMEMS, National Science Foundation, $99,294, (34% D.B. Oerther, PI; 33% B. Kinkle; and 33% I. Papautsky), September 2001 – November 2003.
8. BES-0116929, Workshop to Explore the Value of Applying Molecular Biology Tools in Environmental Engineering, National Science Foundation, $23,250, (100% D.B. Oerther, PI), September 2001 – September 2003.
9. Developing Culture-Based BioMEMS Prototype, Emerging Concepts, Inc., $15,025, (100% D.B. Oerther, PI), October 2001 – April 2002.
10. Preliminary Evaluation of a New Technique for Linking Picoplankton Community Structure with Function in Aquatic Environments, National Oceanographic and Atmospheric Administration, $9,820, (100% D.B. Oerther, PI), February 2002 – January 2003.
11. DUE-012729, CCLI: Integrating Genomics Research in the Undergraduate Engineering Curriculum in Environmental Engineering, National Science Foundation, $74,232, (100% D.B. Oerther, PI), March 2002 – February 2004.
12. 68-C-00-159 Task Order Twenty-two, Development of Precursor rDNA Probes to Enumerate Active *Mycobacteria* spp. in Drinking Water Biofilms, U.S. Environmental Protection Agency, $85,646, (90% D.B. Oerther, PI; and 10% M. Suidan), April 2002 – July 2003.

13. Preventing the Initiation of Biofouling of Membrane Bioreactors in Wastewater Treatment, U.S. Geological Survey, $239,430, (34% D.B. Oerther, PI; 33% D. Dionysiou; and 33% G. Sorial), May 2002 – April 2003.
14. DUE-0230535, Science and Mathematics Authentic inquiRy-based Teaching: Project SMART, National Science Foundation, $100,000, (10% D.B. Oerther; 20% A. Kukreti, PI; 10% K. Davis; 20% T. Fowler; 10% S. Islam; 10% C. Maltbie; 10% R. Miller; 10% E. Prather), September 2002 – August 2003.
15. Educating Ohioans in State-of-the-art Applications of Genomics in Water Quality to Protect Against Bioterrorism, Ohio Environmental Protection Agency, $49,970, (100% D.B. Oerther, PI), November 2002 – April 2005.
16. ACTION Fund to Support NSF CAREER, Ohio Board of Regents, $120,000, (100% D.B. Oerther, PI), January 2003 – December 2007.
17. DEB-0306927, MO/MIP: Workshop to Expand the Understanding of Modern Microbial Identification Technologies in Environmental Settings, National Science Foundation, $25,000, (100% D.B. Oerther, PI), January 2003 – December 2003.
18. BES-0238858, CAREER: Challenging the Structure-Function Relationship of Nitrifiers and Nitrification in Activated Sludge Using Molecular Biology and Modeling Tools, National Science Foundation, $400,000, (100% D.B. Oerther, PI), January 2003 – May 2008.
19. BES-0335883, REU Supplement: CAREER, National Science Foundation, $7,500, (100% D.B. Oerther, PI), January 2003 – June 2004.
20. 68-C-00-159 Task Order Number Forty-six, Continuing Testing the Resource Ratio Theory as a Framework Supporting Bioremediation Strategy for Clean-up of Crude Oil-Contaminated Environments, U.S. Environmental Protection Agency, $128,054, (20% D.B. Oerther; 80% M. Suidan, PI), April 2003 – April 2004.
21. Microbial Diversity Course at Woods Hole, MA, Faculty Development Council, University of Cincinnati, $5,000, (100% D.B. Oerther, PI), June 2003 – May 2004.
22. T32-AI055406 Training in Biologic Threat Agents, National Institute of Allergy and Infectious Diseases, $2,400,000, (31 faculty participants; A. Weiss, PI), July 2003 – June 2008.
23. Evaluating the Utility of Fluorescence In Situ Hybridizations as a Regular Process Monitoring Tool to Improve Reliable Wastewater Treatment, U.S. Geological Survey, $25,190, (100% D.B. Oerther, PI), March 2004 – February 2005.
24. Preliminary Data to Evaluate the Use of Precursor 16S rDNA as an Indicator of Viable Waterborne Pathogens in the Environment, National Oceanographic and Atmospheric Administration, $9,910, (100% D.B. Oerther, PI), March 2004 – February 2005.
25. PR-OH-03-00572, Identification and Characterization of Bacterial Communities Within Warm Water Aquifers, U.S. Environmental Protection Agency, $74,500, (100% D.B. Oerther, PI), March 2004 – February 2005.
26. 68-C-00-159, Task Order Number Sixty-three, Methods for Pathogen Detection, U.S. Environmental Protection Agency, $330,000, (95% D.B. Oerther, PI; 5% M.T. Suidan), May 2004 – April 2006.
27. 68-C-00-159, Task Order Number Sixty-three Supplemental Funding, Methods for Pathogen Detection, U.S. Environmental Protection Agency, $65,000, (95% D.B. Oerther, PI; 5% M.T. Suidan), May,2004 – April 2006.

28. ACTION Fund to Support USEPA Methods for Pathogen Detection, Ohio Board of Regents, $120,000, (100% D.B. Oerther, PI), May 2004 – April 2006.
29. P3: Phosphorus Recovery from Sewage, U.S. Environmental Protection Agency, $10,000, (100% D.B. Oerther, PI), October 2004 – May 2005.
30. BES-0428600, SENSORS: Rapid, Culture-Based Sensor with Direct Electronic Imaging to Track Environmental Microorganisms, $367,295, (33% D.B. Oerther; 34% I. Papautsky, PI; 33% D. Mast), December 2004 – November 2008.
31. Fulbright-Pai Fellowship, $45,000 (100% D.B. Oerther), January 2005 – June 2005.
32. DUE-0511160, CCLI: A&I: Collaborative Research: Molecular Biology for Environmental Engineers, $200,000, (20% D.B. Oerther, PI; 20% B. Li; 20% J. Li; 20% A. Pruden; 20% P. Stroot), June 2005 – May 2008.
33. BES-0535423, REU Supplement: CAREER, National Science Foundation, $8,000, (100% D.B. Oerther, PI), June 2005 – May 2006.
34. BES-0542052, GRS Supplement: CAREER, National Science Foundation, $39,120, (100% D.B. Oerther, PI), June 2005 – May 2006.
35. P3: Phosphorus Recovery from Sewage, U.S. Environmental Protection Agency, $10,000, (10% D.B. Oerther; 80% C. Carlarne, PI; 10% E. Maurer), October 2005 – May 2006.
36. Molecular Analysis of Denitrifying Bacteria Populations, District of Columbia Water and Sanitation Association (DCWASA), $25,028, (100% D.B. Oerther, PI), October 2005 – December 2005.
37. Collecting Preliminary Experimental Data in Support of an NIH R21 Application to Identify Changes in Predominant Bacterial Communities in the GI Tracts of Patients Undergoing GI-bypass Surgery, University Research Council, University of Cincinnati, $6,500, (100% D.B. Oerther, PI), January 2006 – December 2006.
38. Identifying Predominant Bacteria in Activated Sludge, CH2M Hill, $7,684, (100% D.B. Oerther, PI), February 2006 – April 2006.
39. Understanding Sustainable Water Quality in Africa, Faculty Development Council, University of Cincinnati, $4,000, (100% D.B. Oerther, PI), March 2006 – February 2007.
40. Identifying Predominant Bacteria in Activated Sludge Part II, CH2M Hill, $15,368, (100% D.B. Oerther, PI), March 2006 – May 2006.
41. EP-C-05-056 Work Assignment Number Four, Test Virus for Measuring Biosolids Treatment Efficiency, U.S. Environmental Protection Agency, $114,444, (95% D.B. Oerther, PI; 5% M.T. Suidan), March 2006 – September 2007.
42. Characterizing and Controlling Membrane Biofouling, U.S. Geological Survey, $84,000, (50% D.B. Oerther, PI; 50% D. Dionysiou), April 2006 – March 2007.
43. R01-ES015448, Bacterial Diversity as a BioMarker of Soil Health, Superfund Basic Research Program, NIEHS, $964,199, (80% D.B. Oerther, PI; 20% B. Kinkle), May 2006 – April 2010.
44. DGE-0538532, Track 2 NSF GK-12 Fellows Project STEP (Science and Technology Enhancement Program): Building "STEMcinnati City", National Science Foundation, $1,898,330, (20% D.B. Oerther; 20% A. Kukreti, PI; 20% S. Soled; 20% T. Fowler; 20% R. Miller), May 2006 – April 2012.
45. DUE-0618571, CCLI Phase 2: A National Model for Engineering Mathematics Education, $500,000 ($200,003 UC Share), (33% D.B. Oerther, Co-PI; 34% A. Kukreti, PI; 33% R. Miller, Co-PI), August 2006 – July 2010.

46. Health Implications of Point-of-Use Water Treatment in India, Institute of Public Health and Water Research, $50,000, (100% D.B. Oerther, PI), September 2006 – August 2008.
47. Building New Faculty Capabilities for Multi-Disciplinary Studies of Sustainable Metropolitan Development, Faculty Development Council, University of Cincinnati, $10,000, (20% D.B. Oerther, Co-PI; 20% J. Uber, PI; 20% C. Chifos, Co-PI; 20% M. Romanos, Co-PI; 20% A. Minai, Co-PI), July 2007 – June 2008.
48. DGE- 0538532, Project STEP International Activities Supplement, National Science Foundation, $81,700, (50% D.B. Oerther; 50% A. Kukreti, PI), October 2007 – June 2008.
49. DUE-0817332, CCLI Phase 3: A National Model for Engineering Mathematics Education, $580,230, ($50,000 UC Share), (33% D.B. Oerther Co-PI; 34% A. Kukreti, PI; 33% R. Miller, Co-PI), August 2008 – July 2011
50. Green Infrastructure: Improving Regional Understanding of Performance and Policy, $25,000, (33% D.B. Oerther, Co-PI; 34% D. Boccelli, PI; 33% V. Russell, Co-PI), September 2009 – August 2010.
51. Redeveloping a Second Year Required Course, CE261 Fundamentals of Environmental Engineering and Science, Employing Online Expert Lectures, Face-to-face Faculty-led Open-ended Wet-laboratories, and Peer-to-Peer Design Clinics, eFellows Program, Missouri University of Science and Technology, $12,000, (100% D.B. Oerther, PI), January 2011 – December 2011.
52. Microbiological Characterization and Ecological Control of Membrane Biofouling in Side Stream Municipal Sewage Treatment Reactors Operated for Nitrification, U.S. Geological Survey, $132,000, (100% D.B. Oerther, PI), May 2011 – April 2013.
53. Mizzou Advantage Network Proposal 2nd Round, Missouri Metagenomics Symposium, $20,000, (50% J.F. Taylor, PI; 10% J.C. Schultz, Co-PI; 10% M.A. McIntosh, Co-PI; 10% M.J. Calcutt, Co-PI; 10% G. Stacey, Co-PI; 10% D.B. Oerther, Co-PI), August 2011 – July 2012.
54. Fulbright-ALCOA Endowed Fellowship, $40,000 (100% D.B. Oerther), August 2012 – December 2013.
55. University of Missouri, College of Human Environmental Sciences, Seeding Interdisciplinary Research Collaborations (SIRC) Program, "An Interdisciplinary Collaboration to Explore Relationships between Maternal Vitamin D Intake, Metabolic Function, and the Gut Microbiome," $1,500, (50% V. Vieira-Potter, PI; 50% D.B. Oerther, Co-PI), January – December 2013.
56. Jefferson Science Fellowship, National Academies, $60,000, (100% D.B. Oerther), August 2014 – July 2015.
57. Diplomacy Lab, U.S. Department of State, no funding, (100% D.B. Oerther), July 2015, and annually thereafter.
58. "Reference: Caribbean Oceans and Aquaculture Sustainability Facility (COAST) – Administrative Arrangement Between the United States of America Acting Through the Department of State and the International Bank for Reconstruction and Development and the International Development Association Concerning the Multi-Donor Trust Fund for the Global Program on Fisheries (PROFISH) Trust Fund No TF00942," $5,000,000, (100% J.G. Garber, Acting Assistant Secretary of State for Oceans and International Environmental and Scientific Affairs), September 24, 2015 – October, 2020.

59. Conflict and Development Foundation/TAMU/Buffet Foundation, "The Stabilization of Marginalized Communities in Guatemala via Food and Nutrition Security on Child Stunting: Employing Systems Thinking Tools," $14,762, (100% D.B. Oerther), September 2016 – September 2017.
60. University of Missouri South African Education Program, "Collaboration Development in Food Security and Environmental Enteric Dysfunction on Child Stunting," $4,200, (100% D.B. Oerther), May 2017 – August 2017.
61. Fulbright Scholarship, $10,000 (100% D.B. Oerther), August 2019 – December 2020.
62. Annual Operation of the American Academy of Environmental Engineers and Scientists, $483,406.28 (total income); $413,190.26 (total expenses), (Acting Executive Director from June, D.B. Oerther), January – December 2022.
63. Missouri University of Science and Technology Online Course Development Civil Engineering 5650 Public Health Engineering, $10,000 (100% D.B. Oerther), June 2023.
64. Annual Operation of the American Academy of Environmental Engineers and Scientists, $535,556.02 (total income); $349,466.54 (total expenses), (Executive Director from March, D.B. Oerther), January – December 2023.
65. Annual Operation of the American Academy of Environmental Engineers and Scientists, $493,355.93 (total income); $327,313.52 (total expenses), (Executive Director, D.B. Oerther), January – December 2024.
66. Annual Operation of the American Academy of Environmental Engineers and Scientists, $464,570.07 (total income); $343,119.41 (total expenses), (Executive Director, D.B. Oerther), January – December 2025.
67. Peace Corps Virtual Service Pilot Stipend, $250 (100%, D.B. Oerther), September 2026-February 2027.
68. Kummer Institute Ignition Grants for Sustainable Educational Transformation (IGSET), "Curriculum Transformation Grant: We CArE About AI", $25,000, (100% D.B. Oerther), September 2026 – August 2027.
69. Kummer Institute Ignition Grants for Sustainable Educational Transformation (IGSET), "Redesign of ENV ENG 5605 Environmental Systems Modeling," $12,000, (100% D.B. Oerther), September 2026 – August 2027.
